“ He was so excited to graduate. It truly was one of his proudest moments and I had the honor of being there for him. I would never have made it through my last year of high school without him. He always was there to either help or motivate me with getting through this last year and now I'm graduated and walking in June. I would have never done it without him. I cannot thank you enough for absolutely everything. I love you so much Adrien baby. Rest easy, till we meet again.

“ I keep thinking back to our hundreds of hikes we went on together with my mom and wiener dog. Adrien always insisted on bringing her with even though he knew he would end up carrying her most of the way up hills and over trees. We would sit out in nature and talk about our goals and what we hoped our futures to look like. I wish we could go back to these days. Thank you for being the greatest best friend I could ever ask for. I miss you so much and will make you proud bff💕
