“ *My deepest sympathy to all of Barb's family. I want you to know she was a very kind, caring person and a great nurse. When she made the rounds at LHS she always took the extra time with the residents. My father loved her to pieces when he was there and always took the time to kid with him and it made him so happy. May she rest in peace and know that our family will forever be grateful to her "extra step" nursing and wonderful compassion for the elderly. I will never forget her.*
