“ My heartfelt condolences to Mary Jo, Betty Ann, Robert and William for your loss of your sister, Barbie. I call her Barbie because that is the name I remember calling her by. I remember following Barbie around and twirling her curly hair and sucking my thumb! She didn't care! I remember jumping on the big tire tube in Rodenkirch's yard and playing with Barbie while our mothers got together in the neighborhood for coffee. The fun neighborhood parties we had and all the good times at St. Pat's school. I remember being so scared for Barbie when she got hit by a bus and remember how hurt she got. We all had a great childhood growing up on Arndt, Park and Follett Streets!
