“ Carol was especially kind to me when I was a young teacher joining the Roberts School staff. Carol gave me rides when my old car was broken down and showed me around town. I enjoyed her wicked sense of humor and was envious of her sewing talents. Carol took me shopping for my wedding dress and was such a wonderful friend as our children were growing up. I fondly remember how happy Carol and Orin were on their Wedding Day. A lovely soul and fine educator.

“ Carol's love of teaching, of children, crafting and the local history all come to mind when I think of Carol. I remember her quick wit, and how she almost always had a story and a chuckle to share, and I'll miss those conversations. It has been a blessing to know her as part of the church family for all these years. Orin, all our love to you and your family at this time, praying for God's comfort in the present and in the promise of God in whom we have life.

“ Carol, was truly a wonderful person. She help raise my two children with their father. And did a wonderful job. Always teaching ,showing new things and new experiences with them. I to became a friend with her. I remember her trying to teach me to knit. Oh my, I quit, to tell the truth i think i was driving her nuts.lol But we had many a laughs over it.

Carol my friend you are already truly missed.

“ Ms Carol is a sweet soul who took the time out for anyone who spoke or visited her. Our daughter would read to her and totally enjoyed herself. They would laugh at some of the stories and discuss others. They also would talk a lot about Laura Ingalls Wilder and her life. When in vacation to Peppin she brought her a hat and mailed post cards. She is sweetly missed. The heavens have a special soul and are rejoicing with her presence there. Hugs. Trinity, Robin and John

“ Carol was my step mom. She inspired a larger view of the world for me, and helped and loved me and my family for most of my life. Of all the memories. I will never forget a day where Carol took me on a outing and I found out we were going to a paperweight museum which I immediately got all grumpy about because I was 8 years old and I thought it would be really boring instead it was an awesome day and we learned a ton about glass art and so many other things. Carol took me cross country skiing and threw me money awesome birthday parties.

another great memory was when I was in junior high Carol had me co-teach one of her summer school classes on American girls dolls and I remember feeling like I was really helpful. Like I was a teacher like her and my dad.

That same love and sense of education that she imparted into me she also gave to my son Roland.

We are forever grateful to have known Carol.

Aloha Mom.

“ *I will miss Carol. I can remember that she would stop at Goodrich when I was there for school. She had always been a helpful to Orin and to the students that took their time to say a hello to her and to Teddy her grandson whenever she took care of him when he was small*
