“ I think it seems quite sad that a man that lived 69 years has not had 1 comment left on this notice.

SO, here goes.

I did not know Clifford well but he is 1 of 2 people responsible for my life and for that I am grateful.

He provided me and my sisters an Uncle that from a distance always tried to stay in touch and make sure we were taken care of when we were young. My Uncle John is the type of man that anyone would be thankful for and blessed to know. He is a provider for his family and probably one of the best role models for a husband, uncle, father, grandfather, brother and son I have ever seen.....Thank you Uncle John for all you have done and continue to do for us... For that I am grateful.

And finally, knowing the struggles inside of Cliff's head since the age of 10 when his first loss occurred and to the final days he lived ...he is now in peace.....and for that - I am grateful.

I hope anyone who reads this knows....blood doesn't make you a family- and don't forget to say hey to someone who may need a friend. We all travel on our own path- alone sometimes on our journey and a kind word or gesture will never go unnoticed.
