“ *Never forget all the great and not so times we had working at Crown. Chasing me around the QC table, poking me in the ribs even though you knew I hated that. Dropping asparagus etc off at my home and having a few brews. I'll miss chatting with you in the phone as you made sure we never lost touch. God bless you Murphy.*

*Best Uncle ever! Always kept in touch spent many fun 4th of July's together and times tinkering and jamming on guitars. We shared so many laughs I can't even count. Gary helped me get my driver's license and sold me my first motorcycle and was just a super chill, no drama and fun person. I remember attending concerts and going down to Waterfest in Oshkosh. And how about that summer I spent at Grandma's and you took me everywhere that summer, even though is was only 16 you always let me hang around or brought me with to hang with you and your friends. Gary was known as a "Macgyver" because he loved to tinker and fix stuff. Gone way too young! Don't take for granted the one's you love because you never know. You always think "I'll just see him tomorrow or next week." Well tomorrow won't be there now. Cherish your loved one's while you can! Love you and missing you. I know I'll see you on the other side.*

*Gary was not only an uncle but also a brother to me. There are so many memories of my time with him. He was the uncle that you know had your back and was there for you when needed. Gary you gave me chicken pox, got me to love watching Saturday Night Live, helped me when I had so many wood ticks on me that I freaked out and you got rid of them and was there as a brother. As adults you were a good drinking buddy and friend. We shared the same love of music and loved finding new talent. I would call you when times were too heavy and you were there every single time for me. My life will not be the same without you. I love you so much and the world is and never will be the same without you. Rest I peace and one thing that gives me any peace in this is that you will be there on the other side when it's my time.*
