“*Sadly, for us not Jimmy, one of God's special persons passed away from us and on to a better place. Jimmy was the glue that held family and friends together. Thoughtful, sincere and even in his trials was concerned about others before himself. You could sit down with Jimmy and have a talk and be totally at ease as all of my life's problems and cares were put on hold. He will be missed terribly.....for now, for I'll see him in eternity.
