“ Uncle Johnny came to Milwaukee in the mid 80's. And when he came to live with us my mom and her 4 kids. He got us out the house. He took us fishing and took us to the park. My favorite memories of uncle Johnny is of him and Robyn with family cookouts. Another favorite memory is going up to his job just to visit at least 5 min with him. Uncle Johnny cancer might have took your life But God gave you Eternal life. As you walk with Jesus. We will miss the jokes and the laughs you gave. Hey uncle I can see you. Love you uncle Johnny.

“ My name is Jerri. I'm John Frantz oldest niece. And I would like to share a few memories of my uncle Johnny. Well my uncle use to wash windows for a living. And I seen my uncle taking my brothers with him to help him wash windows. I wanted to go and my uncle said next time you can go. Well one day he asked me if I wanted to go and me with a big smile on my face I said yes. He said ok but we gotta be up really early in the morning. I said ok. He then said we have to be up at 3am. I started to think to myself wow that's super early. I looked up at him and said I can be up by 2am. I went to bed early that night. And got up at 2am. I was dressed and ready to go. Uncle Johnny thought I was still sleeping. I walked into the room with a big smile and said Ola uncle Johnny. Lmao omg he use to hate when I said that because he would make this crazy looking face when I said Ola. He then said ok let's go. He grabbed his coffee and things and we went to his truck. When we got to Gurney Mills mall we got his things out the truck and he got this bucket of water and this cleaning solution and he began to mix it. When we got to the 1st store he began to wash the window. Uncle Johnny noticed that he forgot this wash cloth in the truck. I told him I would get it for him. He said ok here are the keys now get lost I mean don't get lost. I looked at him like huh. And he then said bring my coffee back with you if you can find your way back. I said ok Uncle Johnny. I walked to his truck got everything he requested. Then I walked back. He looked shocked to see me. He said Jesus you found your way back. Lmao he of course was joking and I knew he was when he gave that laugh. We washed the windows and then after he took me to McDonald's. I loved so much spending time with my Uncle. Another memory and I will keep this short. He taught me how to fish. And when I cought my 1st fish he pranked me by saying being you cought your 1st fish you have to kiss it on the lips. It's good luck if you do. I looked at that fish like ewww. But I kissed it. And he laughed lol. My uncle loved to tell jokes and pull pranks. But my uncle Johnny was a hero. He saved my mom life and my Aunts life. And if it wasn't for him we wouldn't be here today telling you how much of wonderful man my Uncle was. You see cancer might have thought it won but it didn't. God healed him by calling him home. God made my uncle an angel to watch over us. My uncle is free from pain, free from cancer and free from this crazy world. We love you Uncle Johnny. We will miss you more then you ever know. I'm blessed beyond words that I had the chance to Express to you how much I love you. Thank you for the memories and thank you for the advice. And yes Uncle Johnny I see you.

“ Johnny, my little brother, my only brother, I miss you so very much. You fought so long and hard... You're no longer sick and fighting... I have a memory I want to share... Long ago, in 1972, you were only 10 years old and you did a very courageous, heroic thing... With our Heavenly Father's help, you and God are the reason that me and our sister, Diane, are here today... God gave you the strength to pull me from the wrecked car that night. The car wreck that took Momma and Daddy's life, as well as our puppy, Blue boy... You were such a little guy, only 10 years old... You climbed up that mountain side to get us help... You're my hero, you're Diane's hero. We never forgot what you did... To me, thank you wasn't enough... You've always been so strong, so tough... Well, you're strong and tough again... You're up in Heaven with our loved ones and our Father God... I miss you and your jokes, and those goofy memes and avatars you sent me... I've kept all of them and I'll cherish them forever... I love you with all my heart baby brother... I send prayers to my Wisconsin family every day... I love them all... May our Heavenly Father wrap His comforting arms around us and give us peace... This isn't goodbye bubba, it's see ya later... I have so many memories of us but it would take forever to talk about them... And you know me, I'm chatty... You rest in peace and love lil brother... I'll see you again...

All my love,

Your Sister
