“ To all the Wehners: I'm sad and so sorry to hear of John's passing. It has been many years since I saw him but the memories of our youth growing up at Wolf Lake came right back. What a great person John was... an amazing skier, fun person, happy guy, friend. So much more. I know he will be missed but I will cherish that time of my life having known John.

“ *Jeanette, Pam, David, Tom, Mary and the rest of John's family: Barbara and I are so very sorry to read of John's passing. We know his last few years in life were a struggle but we will remember a cheerful, adventurous and good-looking guy who brought lots of cheer to Wolf Lake and area residents with his spectacular fireworks displays (helped by his brothers and brother-in-law.) Fireworks should go off again at the lake in his memory.*

Jeanette, special condolences to you; no parent should outlive a child.

And our sympathies to the rest of the family; we know you have always been close to each other through good times and bad. God Bless.

“ *Some of my funniest moments in my life involved John. I always thought of him as the most talented person I've ever met. I went to school with John then we both worked at the paper together and then Damrows for twenty years.*

If you were having a bad day just talk to John and your day will change. To all of his family and friends like myself, we lost a great man. Mark Mel Davies.

“ I have fond memories working with John for many years at Damrow Co. He always had a great attitude about any situation that he encountered. John was my foreman the last year I worked at Damrow and we had a blast working with each other. I use to run into John at places like Menards and we always had a light hearted joke or prank to pull on each other.

I remember a great guy that loved life, his family and friends.

My heart goes out to his family.

“ R.I.P. John. Your LOUD patriotic pyrotechnic displays were amazing and entertaining. In his younger years he entertained us with his barefoot skiing skills. God Bless Ansis and Mary Ann Rukis

“ John was the first to welcome me on Day 1 when I started work at Alliance and the one to hug me when I left. His wit and humor kept me going there, as he was the glue for us all there. Rest in peace, John. You will be missed by many. Sending condolences to Pam and family.
