“ Kathleen, I will truly miss you my friend. You had brought such poise and beauty to AAL. When I would visit with you, your eyes would always sparkle so blue. Oh, how I will miss you. I am so sorry that I did not get to see you in your last days here on earth, but because of a bad cold - I didn't want you to get sick. Instead of the angel wings that I made you for warmth, you are the angel in heaven and with your loved ones that you had missed for so many years. May God bless you and keep you. I love you.
