The family would like to extend their thanks to Dr. Michael Jones at SSM Cancer Center, the compassionate staff who showed comfort and support at the Hospice Home of Hope, all of our loved ones who helped her with errands and appointments, and her kitchen buddy from Wendt's, David Ives, who generously kept in touch with our mom throughout the years to continue to make her smile and laugh.

Although she did not speak of it often, Kathy generously donated to the veterans. In lieu of flowers, memorials are appreciated to the veteran organization or military branch of your choice.
