“ I was a co-worker, fellow student and friend of Kathy's in the 1970's and early 1980's. Kathy's sense of humor and laughter could light up a room. She was a brilliant nurse and student, and a good friend. After I moved to California in the early 1980's we lost touch. We started new lives, and as often happens when people are at a distance, we went in different directions. I know that Kathy made her mark on the world through her work in nursing. A more caring person would be hard to find. I am very saddened to know of her passing but I will always remember her as a fine friend an excellent nurse who was always a and team player, and who cared for the residents in her care. My deepest sympathies to her loved ones.

“ Kathy had a great "can do" attitude and although her work here is finished, we carry her spirit within us. God has bigger plans for her! We are so blessed to have known her.

“ Kathy will be missed by all her brothers, Kathleen, friends and relatives. We all confided in her whether it was for health questions/concerns or just day-to-day questions. It was never a concern about her or her well being which is saying a lot ! We will miss you Kathy big time ! RIP

“ *My sympathy to Kathy's family. She and I communicated quite often at work when she was director of Adult Day Care and I was in HR until we both retired. Rest in peace, Kathy.*
