“ *To Kathys family, my heart is breaking for you and for my family. We are still all in shock. I feel not only did we loose Kathy, we lost another piece of my dad. I see Kathy and I saw my dad. After my dad passed away Jan. 7th 2024, Kathy was kind enough to allow me to call her on Sundays, to take my dad's place for that Sunday call. Thank you Kathy for taking care of my dad, thank you for always being here for all of us. Since my dad was on oxygen, she carried all of his tanks in when they came to visit, suitcase, everything. Making sure he would take his pills, checking his oxygen levels, she was his best friend. I miss you, I will miss our phone calls. You are together again. You will always have a very special place in my heart. I love you.*
