“ My deepest condolences and prayers are with you. Larry was an excellent neighbor, friend, and hunting buddy. I'll never forget the time that he fixed my lawnmower and sharpened the blades for me without me even knowing. I'll always remember talking strategy for the next years hunt. Larry was also very humble and generous. After a deer my father got that dropped right in front of Larry's stand he came over to my house and let my dad know. Then he proceeded to help drag the deer out of the swamps with my dad. I had a lot of good memories in the short time that I knew Larry. I will never forget the hospitality that his family gave me. God Bless.

“ Dearest Carla, Christine, and Carrie, Just wanted to tell you how he took care of your Mom in ways that didn't show. If Carla was having struggles be they health or whatever, I would get a call from Larry and he would say, "She needs you Mary." That was my cue to give Carla a call "from out of the blue". I remember once you said to me, "You always know when I need to hear your voice." Thanks Lar. Larry and I had a trivia contest going on for many years. He would put a question at the bottom of Carla's letters or would sometimes even call to put the challenge to me :-). I finally stumped him with; What cartoon characters went to Whatsamada U.? FYI it was Rocky and Bullwinkle. Larry did like to laugh and have fun. Another time he showed his kindness was at my good-bye party before leaving for Illinois. Friends from the hospital went to eat at a Mexican place. I told the wait staff it was Larry's birthday and they came to our table, planted this giant hat on his head and sang a birthday song. He later told me that he would have ripped that stupid hat off except he suffered through it for my sake. My life has been made richer by knowing him for all these years. If any of you need anything from me, you know where I'm at. God Bless You all. MP
