“ I got to know your mother at Woodlands Assisted Living. She was a joy to talk with and she shared her love for her family so freely. She made everyone feel special. I enjoyed the picture of her on the cycle that she had on her dresser. She was so proud of her Norwegian heritage. Thank you for sharing her with us. She always called me the hummer because I have a tendency to hum continuously and she'd say keep humming, I will miss that!
