“ So many great memories with Mike it's difficult to pick just one. Sometime in the late 70's at Union Grove drag race track we were standing behind jet cars warming up along with dozens of other fans. Cooter ended up being the only one remaining when afterburner's were lit up. When the smoke cleared there he stood holding the plastic ring that the 6 pack of beer cans were in. The cans were gone, blown into oblivion somewhere. O Mike how I will miss you. Gods speed brother.

“ I hope the many wonderful memories of Mike brings peace to his family and all those who called him a friend. I had the pleasure of knowing "Cooter" for many years starting in high school and it was always memorable spending time with him whenever I returned to FDL to hang with the crew at Olsen's. He always enjoyed telling stories of his many drag/auto projects and will be fondly remembered as a caring and gentle person. May he rest in peace.

“ Our thoughts and prayers go out to Mike's family. One memory of Mike was, when he was a little kid, and there was a heavy storm. our Mom looked out at Mike holding his shoes. She said to Mike , "watch out for the stones and go home". His response was "stones yes, home no". The true free spirit of Mike!!
