“ I am so grateful for Oletta’s friendship to my Grandmother. It was nice to see her during our visits. I have fond memories of her coloring Easter eggs with my daughter and doing puzzles with my Grandmother. May you Rest In Peace, Oletta. We will miss you.

“ I have been visiting with Oletta for many months, she would tell stories that could make you laugh. I will not forget the Bear story when she was so brave. She would work on jigsaw puzzles spot pieces that belong together. We always have nice visits, now in God's hands she will be in no pain. A beautiful lady.
