“ A memory from his sister, Alice, who is now a Schoenstatt Sister of Mary, and who always had fun times with him when we lived at home while I was a college student and he was still in school. He was a great little brother who often sampled the dessert on Saturday night, which I made for Sunday dinner, when he returned home late at night. We had fun times together and i have fond memories of my "little Louie." May he rest in peace.

“ So sorry about the loss of Paul. I regret not connecting along these many years. He was one of the sweetest, funniest guys I have met. We were classmates in high school and had some fun times on Hoyt Street. Rest in peace Paul. I will always remember you with the smile I caught all those years ago when life seemed easier.
