“ I just found out that Peter passed away. I have been a patient of his since the mid 80s and I always enjoyed the conversations we had throughout the years. His skill as a chiropractor helped me through the years to overcome many issues. When I got the call he was no longer be practicing I knew it had to be serious but hoping he would recover. I am saddened by his passing and I send my prayers and thoughts to the family. He is already missed.
