“ My grandma was one of the sweetest human beings I have known. She never forgot your birthday, anniversary, a card if you were sick, etc., and even though she never got the chance to meet my husband or children, she never forgot them on their birthdays, or for holidays as well.... truly a thoughtful person!

One of my favorite memories, was when my mom and I scheduled a surprise trip to visit my grandma in Wisconsin. As we were walking across the lawn, and she recognized that it was us, she was so surprised, that her teeth (dentures) went flying out of her mouth. It was so funny, and we were excited that she was so excited to see us. Also, every Christmas, each of us get a box of Kraft Macaroni & Cheese. A few years ago, she didn't send us the mac & cheese, and we were all devastated. We called grandma to ask what happened to the box of macaroni & cheese, and she said, "Oh honey, I thought you all were too big for that." NO WE WERE NOT LOL, and she sent it to us from then on out. Something as simple as, Kraft Macaroni & Cheese, meant so much to us every year, and it is making me smile as I think about it now. That is just one of many things that I will truly miss from her.

Even though I know that grandma is in a much better place, where she is no longer suffering, I am truly going to miss her, and as I go out into my garden to trim my flowers, I now have special grandma talks with her, and I hope she can hear me! I love you with all my heart, grandma, and I can't wait to see again one day!!

Love,
LeeAnn
