“ To the family of Sue, You are all in our prayers at this very sad time. We pray that Our Good Lord, who gave us your Mother and Grandmother, will be with you to give you strength. We will remember her as being a most excellent neighbor, when we all lived so close in North Fond du Lac. She was a good friend, an often needed baby sitter for Justin and John, and a real pioneer of running, road racing and a more active/healthy adult life style in the community. Those things and much much more will be her legacy. Her bright smile, warm and caring nature and perky disposition will be truly missed. Long may you run, forever young!
